Friday 20th October

*School Closes for Half Term

Further dates to add to your diary will follow when we return in September

Your chance to catch up with key events from across the school this term

Winners at the 2023 ‘Oscars of Education’

It was a night to celebrate for teachers and schools across the UK, as the winners of the Tes Schools Awards – one of the most prestigious events in the UK education calendar – were announced.

Dubbed the ‘Oscars of Education’, the Tes Schools Awards, is now in its landmark 15th year and celebrates the extraordinary commitment, quality and innovation shown by teachers and support staff across the UK.

The 2023 Tes Schools Awards brought together the best teachers and schools from UK state and independent settings, including early years, primary schools and secondary schools.

A huge congratulation to the staff, children and families for their amazing efforts and support to secure the award for...

Early Years Foundation Stage (EYFS) Setting of the Year!

Ex Pupils – Onward achievements. It's always fantastic to catch-up with ex pupils to celebrate and share in their journeys.

Lilly C - having a great time at Lostock – link to Lilly and fellow students interviewing Greater Manchester Deputy Mayor, Kate Green

<https://www.youtube.com/watch?v=NfHf47qSGgw>

Zahra A - won a Young Writer's Award at the beginning of the year

Edward C - shortlisted for best student of the year and won the Hallam Library Award at Stockport Grammar.

Charlie P- Prom King at Lostock!

Ben D - loves Lostock and getting on really well.

Megan B - invited to a rewards event at the Etihad for a football game with a small number of pupils because of her outstanding behaviour during the year.

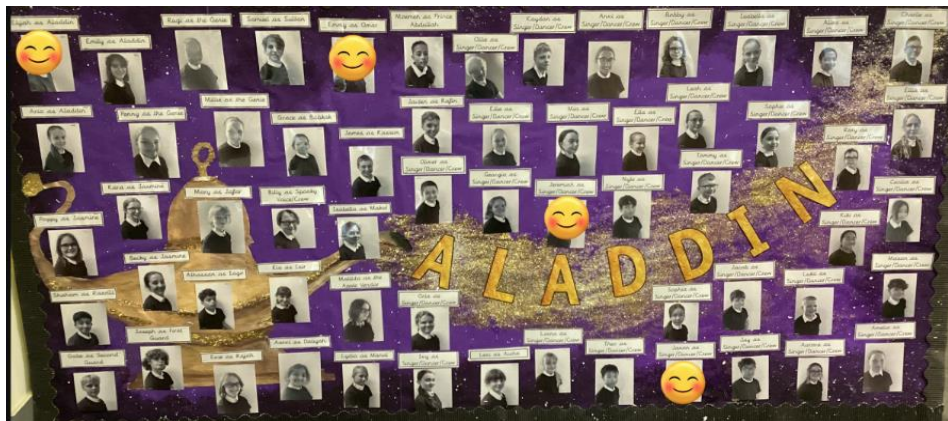

Noah C / Carys R - Headteacher's invitation due to excelling in Reading.

Eva A – Smashing it with her running and achieved fastest under 13 in Great Britain at beginning of the year.

Well done to all! Keep up the good work!

★ CLASS OF ★ 2023 Follow Your DREAMS

Aladdin Bravo! Bravo! Encore!
fabulous work from our Year 6 team for wowing our Lime Tree family audiences with what can only be described as a first-class show!

Practice certainly made perfect and children and staff worked their socks off to delight us all.
Great work Year 6 leavers – the question now though...where will your next magic carpet ride take you??

The Leavers Trip 2023 was a huge success!

Children enjoyed a trip to the Trafford Centre on the tram (shout out to the Tram driver for 'tannoying' to get us safely on the tram) to play a game of bowling, go to Laser Tag, a spot of lunch at Pizza Hut and have lots of fun in the arcades!

The trip was jam packed from start to finish which totally exhausted the children by the end of the day (not to mention the teachers!).

A special thankyou to The Friends of Lime Tree who supported the trip by subsidising the cost significantly for parents and carers.

Good Luck for Year 7 and Beyond!

Thank you to everyone who contributed to today's leavers assembly and colour run. It was standing room only in the school hall and the children held it together really well, smashing out another wonderful performance, to very proud, teary eyed, families, friends and staff.

We wish each and every one of our fabulous Year 6 children the best and brightest of futures.

The end of their primary school adventure has arrived, and we know they are ready to walk the halls of high school, discovering new talents, dreams and ambitions.

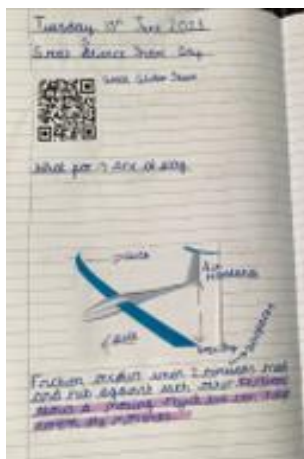

They will be missed by staff and children alike, and we hope they take their experiences with them to continue to believe in themselves, to be strong, to be kind...to be amazing! Good Luck!

The Great Science Share for Schools is an annual event that brings schools from across the country together to part in exciting science and engineering activities.

Started in 2016, the GSSfS has expanded from its roots in Manchester to incorporate schools from across the world. The aim of the event is to encourage students to share their scientific questions and to take an active role in science and engineering-related activities.

Lead by Mr. Chrysler, Lime Tree took part joining in with over half a million participants across 30 countries. Each class researched, designed, made and tested gliders. Everyone had a great time using science skills gained during this year.

A fond farewell to staff moving on, Mrs Carter has been with us for 7 years, inspired so many children and uncovered many hidden talents. We cannot thank her enough. She has added a fabulous creative dimension to our school and we will be sad to see her go but also look forward to seeing her thrive focusing on her own art work.

Miss Bray has taught in Year 1 and Year 6 at Lime Tree for 4 years after training to become a teacher with Lime Tree, she helped run the cheerleading club and led the children on competitions. Miss Bray will be sorely missed as she leaves teaching to embark on a different career.

Mrs Shepherd has been with us for 8 years since she completed her training. She has taught across the whole school and will be really missed by everyone. She is leaving to start a new business with her husband.

Mrs Taylor and Mrs Parkin embarked on their first year of teaching with us, we know the children and parents have loved having them and we wish them both the best of luck continuing their teaching journeys.

Mr Larkin has led across school on pupil wellbeing, sports, as well as outdoors, children will miss their early morning reading catch ups as well as the highly competitive dodgeball sessions, we wish him well moving onto work with older children with SEND.

Heartfelt thank you to Friends of Lime Tree for organising another amazing event!! Despite the rain ☔ it was a real success!! You've all worked incredibly hard, and it was lovely to see so many faces around school on the day. We know it takes so much organising and our children and parents really do have a fabulous time!!

The events provide a lot of happiness to children and families and the donations help us to provide even more opportunities and fab experiences for them, we really do appreciate how much hard work, organisation and time it takes from you all. **Thank you**

For full details of what FoLT have funded this year and ongoing fundraising projects, please look out for their end of year newsletter shared on ParentMail.
