

## ***Music Curriculum Overview - Lime Tree Primary Academy***

### **The Outcome - Musicians**

Music at Lime Tree provides a unique vehicle for children to express themselves, tune into their emotions and uncover hidden talents. Through a range of musical experiences, such as whole school singing, ensemble playing, experimenting with the creative process, our Key Stage Two Enrichment programme and listening to pupils' and guest performances; children's creativity at our school has no limits.

Embedded within the teaching of music at Lime Tree are the three knowledge strands, in order to unleash children's musical potential. They are, '**knowledge of music**', '**knowledge about music**', and '**knowledge of how to music**'. Within these three strands, children's sequence of learning is categorised into the following areas of study; 'sing', 'listen', 'perform' and 'compose/improvise'. Across school, teachers have the opportunity to utilise 'The Music Year' too, which helps to structure our school-wide weekly playlist.

<b>Threads</b>		
<b>Thinkers</b>	<b>Learners</b>	<b>Individuals</b>
Creative, imaginative, structured and adaptable	Skilled, knowledgeable, independent and resilient	World aware, community spirited, caring and healthy

Progression of skills and knowledge
